Content Certification Made Easy (and Faster!)

Lexile® measures represent a global standard in reading ability and text measurement, supporting more than half of American students and learners in over 180 countries grow their literacy skills.

We've made it convenient to leverage the power of Lexile certification through our content certification subscriptions and a la carte options, which provide flexibility and transparency to the measurement and validation process.

EXPLORE PRICING OPTIONS USING OUR INTERACTIVE CALCULATOR
metametricsinc.com/pricing-calculator

TIERED SUBSCRIPTION PLANS PROVIDE:

✓ *Simple, flexible pricing tiers*. One price for your volume of content certification, which takes the guesswork out of budgeting. No additional charges or add-on fees!

> **EXTRA CREDIT!** *Need more credits? We can adjust your package level at any time so you can maximize savings by subscribing to the next tier.*

✓ *On-demand measures, instantly!* Some qualifying content can receive instant certification which means you have the measures you need right away (.txt files required).

✓ *Real-time reporting access*. Login to see how much content you've certified so you can plan ahead.

TIERED SUBSCRIPTIONS ARE EASY. HERE'S HOW THEY WORK:

1 Choose your package level based on your projected volume of materials. Each tier includes a bank of credits you can use throughout the year.

2 Start certifying your materials! Each book costs three credits for a certified measure. Each passage costs one credit for a certified measure.*

3 Access your certified measures on-demand — many types of content are eligible for instant certification. No need to wait 25 business days!

4 Receive quarterly, fixed invoices.

* A full list of credit costs for additional types of materials, including textbooks, is available upon request.

GAIN INSIGHT INTO CONTENT COMPLEXITY.

The power of the Lexile Framework is its specificity. Lexile measures pinpoint a number on a 2,000-point scale (instead of providing a generic grade level range) so that teachers, students and parents can easily find the right reading (and listening) materials to challenge readers without frustrating them. Adding certified Lexile measures to your text and audio files will:

GIVE STUDENTS AND TEACHERS THE INFORMATION THEY NEED to find books, passages and audio files that are just the right level.

INCREASE EXPOSURE TO YOUR TITLES through our popular *Lexile®* **Find a Book** tool and *Lexile®* **Titles Database** which is used by Amazon, Barnes & Noble, Follett, and booksellers and library automation providers all over the world.

MEET THE DEMAND OF A GROWING NUMBER OF STATES across the country that are providing student Lexile measures and are seeking appropriate level content.

MARKET YOUR PRODUCTS AS LEXILE CERTIFIED, a globally trusted, research-based stamp of approval.

SCALABLE SOLUTIONS

Get certified Lexile measures for your fiction and nonfiction titles in both English and Spanish. We measure and certify selections, articles, test items, passages, audio files and more. Simply choose the number of titles to certify and when you want to measure them. With our tiered subscription model, Lexile content certification is the perfect option for publishers of all sizes.

WE ALSO MEASURE...

Oral readability of text files to analyze how challenging the content is to read aloud.

Math content with the *Quantile®* **Framework for Mathematics**. We calibrate your content and provide Quantile® measures.

SOLUTIONS FOR SMALLER PROJECTS

Do you only need to certify a few pieces of content or even a single book? Great! Our a la carte options make it easy for independent authors and smaller publishers to measure content and receive certified Lexile measures.
