# Lexile Products & Services

FOR CONTENT DEVELOPERS & PROVIDERS, PUBLISHERS, LIBRARY SERVICE PROVIDERS, BOOKSELLERS & DISTRIBUTORS

Lexile® measures, the world's most widely used reading metric, provide actionable information and increased exposure.

THAT'S WHY...

Over **35 million students from 50 states and 180 countries** receive Lexile reader measures...

...from over **65 popular reading assessments and programs**.

More than **100 million books, articles and websites** have received Lexile text measures.

Connect learners of all ages with resources at the right level of challenge with these offerings!

DO YOU WANT TO OFFER LEXILE MEASURES FOR A LARGE COLLECTION OF BOOKS?

Then consider licensing the **Lexile® Titles Database**, which contains more than 330,000 informational and literary titles from hundreds of publishers.

Benefits:
- Populate book data, library records, websites and catalogs with Lexile measures.
- Help your customers find the books that are the right fit for them.
- Available for English and Spanish titles.

DO YOU WANT TO OFFER EDUCATORS SOUGHT-AFTER VOCABULARY INFORMATION?

Lexile® PowerV® creates a custom vocabulary list (up to 20 words) from analyzed text with challenging words that a student should know. This is available as an API or as an add-on service when submitting text to be measured.

Our **Lexile® WordBank** with about 50,000 frequently occurring, academically relevant words from best-selling K-12 textbooks can be sorted and queried to:
- Create lists of words that students typically encounter in K-12 texts by grade and by domain (math, science, social studies and reading/English language arts).
- Use in content development to ensure grade-level appropriateness.

Do You Want Lexile Measures for Your Books or Content?
Adding Lexile measures to your texts is a valuable marketing feature that makes your offerings more discoverable. As more students receive Lexile measures, the demand for books with Lexile measures continues to grow.
